## Work Experience

### Awards

*Best Developer award received in 2022 from the Master computer . JAMPUR*

#### ■ Front End Developer (2020-2021)

Master Computer Software Company

I have been working as a front-end developer specializing in HTML and CSS at Master Computer Software House for the past six months. With three years of experience in front-end development, I have successfully crafted a variety of business websites, CMS websites, User Panels, Admin Panels, APIs, POS websites, and E-commerce websites at Master Computer Software House. Through my involvement in multiple client projects, I have garnered favorable reviews for my contributions to successful endeavors. Furthermore, I concluded my Final Year Project (FYP) by developing an E-commerce website named Shopie using PHP.

#### ■ World Press (Present)

Freelance Wordpress Developer

2020-2021

- Developed custom WordPress themes and plugins tailored to meet client requirements.
- Personalized existing WordPress websites to deliver anticipated functionalities for clients.
- Ensured optimal performance and availability while overseeing all technical aspects of the CMS.
- Achieved exceptional customer service satisfaction ratings through recommendations and verification.
- Cultivated and sustained client relationships, fostering repeat business.
